

Kids' Page

with Lisa

Hi News Nippers

I am really excited about my new role co-ordinating Kids' Page. I know I have big shoes to fill after all the great work Kerrie has done. We are going to miss her heaps.

You are probably wondering about me. I have been working at *The News* for a little over 12 months and live in Shepparton with my family. I am no stranger to Kids' Page as I was a News Nipper over 20 years ago. I have such great memories seeing my drawings and jokes published and attending the Kids' Page parties.

I can now look forward to seeing all of your work! I'm sure you all have fabulous artistic skills and I can't wait to see your drawings, poems, recipes, jokes and whatever else you would like to send in. Make sure to include your name, address and age on your work and remember every contribution earns you stars. You also get the chance to see your work published in *The News*.

I have been extra lucky to start the page off with our fantastic Father's Day prizes so this week is all about dad. We have vouchers, books, DVDs plus many more great prizes to win for him. We will be featuring some of the best entries in the August 29 edition of Kids' Page.

Good Luck.

The evolution of rugby league

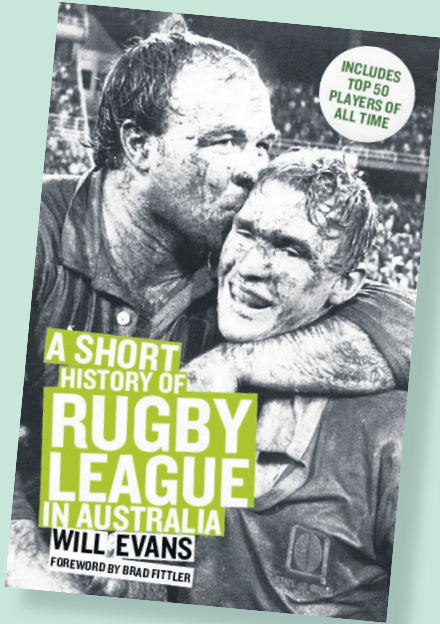

If your dad is interested in rugby league then he will love this book. Dad will be fascinated reading about the evolution of rugby league in Australia and around the world – depicting the influences, pathways and occasional revolutions that have made the sport the greatest game of all.

Among the eight sections are *The Glory* – an account of the most memorable final round scrambles, the heartache of departing with a runner-up medal and magic moments from past grand finals and *The Clubs* – an in-depth analyses of today's teams, in addition to a section on extinct clubs, mergers, rivalries, local derbies and club colours.

Have some fizzy fun with Dad

Make Father's Day full of fizzy fun with SodaStream! Dad will love having a constant stream of his favourite flavoured fizzy drink at home. All you need to do is carbonate tap water, add your favourite flavoured syrup and you'll want to pinch yourself every time you drink a glass of fresh delicious soft drink.

SodaStream isn't only fun, it's good for our environment, something which Dad will love. Having a SodaStream in your kitchen helps the planet by reducing the pollution created by transportation and disposal of millions of plastic bottles each year. It provides reusable BPA-free bottles that last for more than 1000 uses so you have 1000 less empty bottles to throw away.

We are giving away SodaStream starter packs consisting of a limited edition 'Karim Rashid' Drinks Maker, a CO2 cylinder, a one litre PET bottle, one lemonade syrup, one cream soda syrup and one cola syrup with a RRP of \$120.
